

ERNEST ORLANDO LAWRENCE
BERKELEY NATIONAL LABORATORY

Environment, Health, & Safety
Training Program

ECC 002 ~ Emergency Event Center Training

Course Syllabus

Subject Category: Emergency Event Center
Course Length: 2.0 hours
Delivery Mode: Class
Schedule: As requested
Location/Time: Building 48/Room 109

Course Prerequisite: None
Medical Approval: None

Course Materials:

- PowerPoint slide presentation
- Tapes and other material will vary with presentation.

Instructors: Valerie Quigley x7032 - primary

Course Purpose: Designed for Lab employees assigned as members of the Emergency Event Center team, who would be called upon to direct and manage an emergency event of significant proportions at Lawrence Berkeley Lab. The class will cover activation, resources, command structure, coordination with other jurisdictions. Etc.

Course Objectives:

- To familiarize EEC team members with their responsibilities during an emergency situation
- To provide training and resources to successfully respond to an emergency, and transition into recovery.

Training Compliance Requirements: None

Course Hand-outs: As appropriate to material.

Participant Evaluation: Written critiques of trainer, training and materials.

Written or Practical Exam: None.

Retraining/Recertification: Not required. Recommended every two (2) Years

Web Resource: Guidance documents available on Emergency Services web page: <http://www.lbl.gov/ehs/ep>
